

Improve Patient Care with Advanced Healthcare Communications

Proposal for:

Prepared by:

Welcome to RingRx

Whether in your office or on the go, RingRx makes connecting with patients easy. Our feature-rich enterprise-class phone, fax, and texting system provides advanced call management capabilities, including custom configurations, easy voicemail access, and seamless mobile and desk phone integration for improved communication.

Improve Patient Experience

With our comprehensive suite of services, you can meet and exceed the expectations of today's discerning patients. Improve and streamline communication channels between you and your patients, ensuring a seamless and satisfying experience throughout their healthcare journey. Harness the power of RingRx to provide exceptional care and create lasting patient relationships.

Advanced Phone System Built for Healthcare

Whether in your office or on the go, RingRx makes connecting with patients easy. We'll help you streamline patient communication using your mobile or enterprise-quality desk phone. And our flexible call routing and easy voicemail access mean your patients can always get in touch.

Faxing Made Easy and Reliable

Hospitals, labs, and healthcare partners rely on faxing to send and receive critical documents. RingRx's HIPAA-compliant fax system lets you conveniently and securely send faxes over the web or using your fax machine. We also keep track of your faxes to minimize filing (and misplaced documents).

Welcome to RingRx

Secure Texting Speeds Up Communications

You'll never miss another text from patients or your team. RingRx makes sending text messages easy, speeding up crucial patient communications, and helping patients stay in touch on their terms. And secure business texting helps you connect with your team and improves practice workflow.

HIPAA-Compliant Communications System

Patient confidentiality is RingRx's top priority. Our commitment to HIPAA compliance lets you communicate with patients and staff across all devices safely and securely. We built our platform from the ground up with the strictest security standards, so patient data is never at risk.

Your Favorite Features

RingRx was built from the ground up for healthcare providers of all sizes. We offer the most comprehensive set of features to help improve how organizations work. Our features encompass everything from advanced call routing, transfer options, and analytics to secure text messaging, call recording, and customizable auto attendants, ensuring versatile and efficient communication solutions for healthcare professionals.

Advanced Phone System Built for Healthcare

With RingRx, you create a patient-first phone system that meets your unique needs.

Mobile App

Make or take phone calls and texts from anywhere as though you were in the office.

Desk Phones

High-quality desk phones provide clear high-definition audio, minimize disruptions, and give the best workflow options.

Call Routing

Screen, route urgent calls to the on-call provider, and send non-urgent calls to voicemail boxes or other destinations.

Faxing Made Easy and Reliable

RingRx lets you fax your way with HIPAA-compliant faxing over the web or by fax machine

Machine Faxing

Send and receive documents using your existing fax machine.

Web-Based Faxing

Lets you fax documents to anyone using our convenient web portal or mobile app.

HIPAA Compliance

Secure cloud-based platform built with strict security standards for modern healthcare practices.

Your Favorite Features

Secure Texting Speeds Up Communications

Engage your patients on their terms and maximize efficiency and convenience with SMS text messaging.

Patient Texting

Stay connected with patients using their preferred communications channel.

Unlimited Texting

Speed up crucial communications by sending secure text messages to patients and your team.

Secure Team Texting

Send and receive encrypted texts with co-workers using the Mobile App or RingRx Portal.

HIPAA-Compliant Communications System

Security and HIPAA compliance have never been more straightforward.

HIPAA Compliant

Secure cloud-based platform built with strict security standards for modern healthcare organizations.

Business Associate Agreement

An agreement that spells out vendor/healthcare provider responsibilities, the information covered, and its protection.

HIPAA Expertise

All RingRx staff are certified and receive continuing education and training to guide clients on HIPAA regulations and compliance.
